<h2>Professor Shinya Yamanaka</h2>

<h4>Director Emeritus of Center for iPS Cell Research and Application (CiRA), Kyoto University</h4>

<p>"This 10-year joint program with Takeda, Japan's largest pharmaceutical company, will become a powerful engine to realize medical applications using iPSC

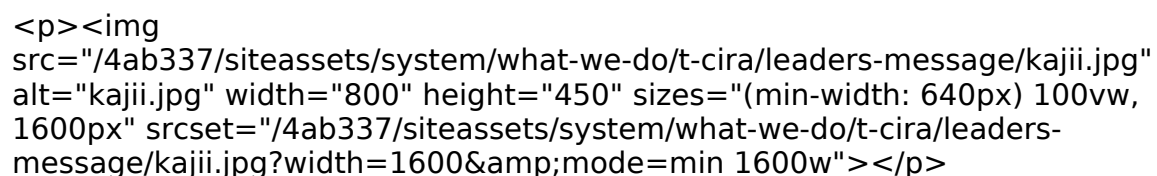

cells," said Yamanaka. "We sincerely thank Takeda's commitment to iPS cell research. This partnership will contribute to the development of new therapies to cure not only major diseases but also rare ones."

Christophe Weber

Representative Director, President & CEO, Takeda

"I am excited that we will be able to collaborate with CiRA, the world's leading institute dedicated to pioneering iPS cell research," said Christophe Weber, President, and Chief Executive Officer of Takeda. "Through this partnership, our company will provide significant assistance over a long period to CiRA's research into iPS cell technology applications, which is a vital part of Japan Revitalization Strategy. It is our hope to deliver innovative treatments that meet patient needs as soon as possible through this collaboration between Takeda and CiRA."

Yasushi Kajii

Head of T-CiRA Discovery and Innovation, Takeda

In T-CiRA Joint Program takes innovative approaches toward clinical solutions for rare and intractable disease patients who were previously without effective therapeutic options. Our projects are progressing rapidly, using the

power of iPS cells, to formulate novel therapeutic options. Working closely together, academic and pharma researchers are mapping uncharted territory to discover breakthrough solutions. Our approaches with iPS cells could provide transformative progress in Neuroscience, Gastroenterology, Oncology and Rare Diseases, as well as type I diabetes and heart failure, accompanied by outcomes as small molecule drugs, cell therapy and gene therapy. Our dream is that patients will receive such life-changing therapeutic options discovered through our 10-year collaborative research effort.

```

<p>The new supplier registration process uses a registration project with questionnaires to gather detailed profile information about a supplier. Suppliers can introduce themselves to our organization by clicking the URL in the invitation email and filling out and submitting the external supplier request form.</p>

<p>The registration process typically solicits detailed profile information about the supplier; for example, what commodities they supply, the regions in which they operate, what standards they adhere to or agree with, bank and tax details, and so forth. After a new supplier is created in Ariba Network, Takeda Supplier

Management teams starts with the next steps to enable supplier in Takeda's Data base.</p>

<p class="mgb15">Takeda's suppliers are very important in Takeda's mission to strive toward better health for people worldwide through leading innovation in medicine. Given Takeda's global reach, ensuring the sustainable procurement of our goods and services is paramount.</p>

<p class="mgb15">Sustainable procurement achieves value for money spent while generating benefits to society, the economy, and reducing environmental impact and other governance and compliance risks. At Takeda, sustainable procurement ensures that Takeda's suppliers conduct business in the same manner we do - with a focus on social, environmental, and economic good. It is a key element of our supply chain management process. As a signatory to the United Nations Global Compact, Takeda takes its commitment to assess and improve its supply chain in the areas of human rights, labor, the environment, and anti-corruption very seriously.</p>

<p class="mgb15">Rooted in Takeda-ism, sustainable procurement aligns our 90,000+ suppliers in over 70 countries with our corporate social responsibility (CSR) practices. It helps maintain our pledge to act with integrity, fairness, honesty, and perseverance.</p>

<p class="mgb15">The sustainable procurement process continually balances risk and opportunity in Takeda's dealings with suppliers:</p>

<p>• Risk - Avoiding practices that harm people or the environment, could hurt Takeda's reputation, or represent significant business or supply risk</p>

<p>• Opportunity - Aligning suppliers with our CSR practices, and influencing them to improve, reduce waste, and innovate</p>

<p class="mgb15">The Takeda Supplier Code of Conduct specifies our expectations for supplier performance. It plays a critical role in supplier risk management, including engagement, selection, and assessment.</p>

<p class="mgb15">Takeda's procurement risk management process requires that we conduct reasonable due diligence in engaging, selecting, and assessing suppliers throughout their Takeda lifecycle.</p>

<p class="mgb15">Supplier diversity is critical for providing an economically and socially diverse supply chain at Takeda.</p>

<p class="mgb15">Questions about Takeda's sustainable procurement program can be sent to:

Performance Cookies

☐Performance Cookies

These cookies allow us to count visits and traffic sources so we can measure and improve the performance of our site. They help us to know which pages are the most and least popular and see how visitors move around the site. All information these cookies collect is aggregated and therefore anonymous. If you do not allow these cookies we will not know when you have visited our site, and will not be able to monitor its performance.

Targeting Cookies

☐Targeting Cookies

These cookies may be set through our site by our advertising partners. They may be used by those companies to build a profile of your interests and show you relevant adverts on other sites. They do not store directly personal information, but are based on uniquely identifying your browser and internet device. If you do not allow these cookies, you will experience less targeted advertising.

☐

<h4><br>Cutting-edge research towards the clinical application of iPS
cells</h4>
Research using iPS cells will bring about breakthrough changes in the future of
medicine including the research and development of new drugs, cell therapies
and drug safety evaluation processes. At Takeda's Shonan Health Innovation
Park, T-CiRA is conducting cutting-edge research towards the clinical application
of iPS cells to cure rare, intractable diseases that currently have no established
effective treatments.<br>
<h4><br>Main Areas of Research</h4>
<ul>
<li>Research towards the clinical application of iPS cells for neuro-psychiatric
disorders, cancer, intractable muscle diseases, and gastrointestinal diseases
etc.</li>
<li>Research to develop medicines and cell therapies using iPS
cells.<br><br></li>

<p>Monitoring and Evaluation</p>

<p>The awardees are responsible for tracking and reporting on project progress in close alignment with the goal, objectives, and projections articulated in the application, and keeping the Takeda Global CSR Team informed. Awardees do this through submission of periodic reports using Takeda's progress report templates submitted through our Digital CSR Donation Management System. Takeda is responsible for monitoring the performance of the award and working to understand key learnings—through conversations with the awardee, review of progress reports, and Learning Trip site visits.</p>

Performance Cookies

☐Performance Cookies

These cookies allow us to count visits and traffic sources so we can measure and improve the performance of our site. They help us to know which pages are the most and least popular and see how visitors move around the site. All information these cookies collect is aggregated and therefore anonymous. If you do not allow these cookies we will not know when you have visited our site, and will not be able to monitor its performance.

Targeting Cookies

☐Targeting Cookies

These cookies may be set through our site by our advertising partners. They may be used by those companies to build a profile of your interests and show you relevant adverts on other sites. They do not store directly personal information, but are based on uniquely identifying your browser and internet device. If you do not allow these cookies, you will experience less targeted advertising.

☐

```

<p>Sustainable impact (e.g., engagement of local partners, transition of ownership, lasting results)</p>	<p>10%</p>
<p>Clear and credible allocation of resources</p>	<p>25%</p>

Proposals are scored and ranked accordingly.

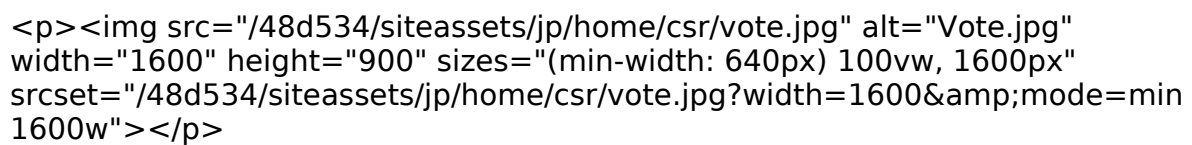

STEP 3. Applicants

Final Review

A finalist set of qualifying applicants are identified. Some may be invited to interview virtually with the Takeda Global CSR Team to further assess the quality of the proposal, clarify expected outputs and outcomes, and budget details as appropriate, confirm expectations for Employee Learning Trips, and recommend appropriate modifications accordingly. Finalist applicants are then invited to submit a summary slide in support of the Employee Vote process.

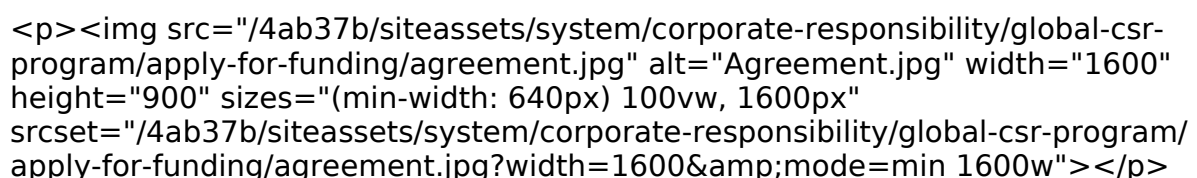

STEP 4. Takeda Employees

A placeholder for an image with alt="Vote.jpg". The image dimensions are 1600x900 pixels, with a minimum width of 640px. The srcset attribute points to the same image file with a width of 1600 and mode=min.

Employee Vote

After the CSR Application Review Committee has conducted Takeda's rigorous technical review, qualified summary slides of shortlisted applications are uploaded to the Takeda Intranet and made available in all of Takeda's major company languages. Employees are also educated about shortlisted project proposals through internal townhalls and have access to the full applications. All of Takeda's employees cast their votes based on their review of this information.

STEP 5. Takeda Global CSR Team and Applicants

A placeholder for an image with alt="Agreement.jpg". The image dimensions are 1600x900 pixels, with a minimum width of 640px. The srcset attribute points to the same image file with a width of 1600 and mode=min.

Award Notification and Donation Agreement

Takeda notifies finalists selected by the Employee Vote of their selection status by email in July of the application year. Applicants are required to enter into a donation agreement with Takeda, no later than six months from

award notification. Applicants must confirm the designated project manager and/or project director. This designated individual will be responsible for the performance of the project. This representative will serve as the main point of contact with Takeda and will be responsible for all discussions with Takeda.</p>

</div>

    <p>Building from Takeda's strong heritage, our corporate philosophy brings
greater focus to our purpose, vision, values and imperatives.</p>

```

<p>We create long-term value for all our stakeholders – we consider how our actions will impact the next decade, not just the next quarter. We strive to address unmet medical needs by delivering life-transforming or life-saving medicines and vaccines, and we believe this will translate into sustainable growth for the business. Our purpose is deliberately even broader than this, however. It encompasses the wider world, as well as a commitment to be environmentally responsible. Through our purpose-led sustainability approach, we create value for society by putting our core strengths and capabilities as a biopharmaceutical company to work to help solve key societal challenges.</p>
<p>This purpose-led and values-based approach drives all of our actions and decisions, and our commitments across our Patient, People and Planet imperatives underpinned by Data and Digital. Our approach is integrated into how we do business – throughout our entire value chain from research and development (R&D) to product distribution – taking into consideration how our work affects patients and people in the communities we serve, as well as the planet.</p>

</div>
</div><div class="grid-1-1"> <div class="richtext">

<td style="width: 25%; height: 216px; vertical-align: top;">
<p>Responsibly translate science into highly innovative, life-changing medicines and vaccines</p>
<p>We focus on diseases with the highest unmet need to bring medicines and vaccines of the highest quality to patients as quickly as possible.</p>
</td>
<td style="width: 25%; height: 216px; vertical-align: top;">
<p>Accelerate access to improve lives worldwide</p>
<p>We partner with diverse stakeholders to support the sustainability of health care systems.</p>
</td>
<td style="width: 25%; height: 216px; vertical-align: top;">
<p>Create an exceptional people experience</p>
<p>We aim to create a diverse and inclusive organization where people can thrive, grow and realize their own potential while enabling our purpose.</p>
</td>

<p>Protect our planet</p> <p>We will harness our unique capabilities to deliver a high standard of environmental leadership that protects our planet's natural systems and human health.</p>
<p>PRIORITY 1: Deliver life-changing medicines and vaccines to people by cultivating the best science generated through our strong internal research and development capabilities complemented by our extensive partnership network.</p> <p>PRIORITY 2: Embed a patient-centric and science-driven approach from discovery through commercialization to ensure rapid, global access to all transformative medicines and vaccines.</p> <p>PRIORITY 3: Ensure the high-quality, uninterrupted supply and delivery of our medicines and vaccines to people by harnessing innovation.</p>
<p>PRIORITY 1: Provide timely, broad and sustainable access to our innovative medicines worldwide.</p> <p>PRIORITY 2: Ensure sustainable access to our innovative medicines for patients diagnosed with a serious condition in underserved communities, in particular where there are no medical alternatives.</p> <p>PRIORITY 3: Improve patient outcomes and create societal value through partnerships.</p>
<p>PRIORITY 1: Develop and attract top talent to deliver our vision with a highly engaged workforce.</p> <p>PRIORITY 2: Focus on improving employee health, well-being and resilience.</p> <p>PRIORITY 3: Drive positive change by promoting diversity, equity and inclusion.</p> <p>PRIORITY 4: Create an environment that fosters lifelong learning and a growth mindset, enabling employees to thrive inside and outside of Takeda.</p>
<p>PRIORITY 1: Minimize the environmental impact of products and services based on the principles of a circular economy.</p> <p>PRIORITY 2: Decarbonize our operations and value chain.</p> <p>PRIORITY 3: Empower our employees to go above and beyond to conserve the world's natural resources.</p>

## <h2>Our Purpose-led Sustainability Strategy</h2>

</div>  
</div><div class="grid-1-1"> <div class="richtext--custom visual  
backgroundColor-color4">

<p>Building from Takeda’s strong heritage, our corporate philosophy brings greater focus to our purpose, vision, values and imperatives.</p>  
<p>We create long-term value for all our stakeholders – we consider how our actions will impact the next decade, not just the next quarter. We strive to address unmet medical needs by delivering life-transforming or life-saving medicines and vaccines, and we believe this will translate into sustainable growth for the business. Our purpose is deliberately even broader than this, however. It encompasses the wider world, as well as a commitment to be environmentally responsible. Through our purpose-led sustainability approach, we create value for society by putting our core strengths and capabilities as a biopharmaceutical company to work to help solve key societal challenges.</p>  
<p>This purpose-led and values-based approach drives all of our actions and decisions, and our commitments across our Patient, People and Planet imperatives underpinned by Data and Digital. Our approach is integrated into how we do business – throughout our entire value chain from research and development (R&D) to product distribution – taking into consideration how our work affects patients and people in the communities we serve, as well as the planet.</p>

</div>  
</div><div class="grid-1-1"> <div class="richtext">

<p>&nbsp;</p>

<h2>Our Commitment to Environmental Sustainability for a Brighter Future</h2>  
<p>At Takeda, we know that taking care of patients is about much more than developing life-changing treatments.&nbsp;<strong>It’s also about being responsible, ethical and protecting the planet we share</strong>.<br><br>That’s why<strong>&nbsp;‘Protect our Planet’&nbsp;</strong>is one of the imperatives in our Corporate Philosophy:</p>  
<div class="takeda\_\_table\_\_wrapper"><table style="height: 114px; width: 100%; border-collapse: collapse; border-color: #a1a4ac;" border="1" cellpadding="5px">  
<tbody>  
<tr style="height: 96px;">  
<td style="width: 538.472px; height: 96px; background-color: #edf2f4;">  
<p><strong>Protect our planet</strong></p>  
<p><em>We will harness our unique capabilities to deliver a high standard of environmental leadership that protects our planet’s natural systems and human health.</em></p>  
</td>  
</tr>  
<tr style="height: 18px;">  
<td style="width: 538.472px; height: 18px;">  
<p><span class="red-text"><strong>PRIORITY  
1:&nbsp;</strong></span>Minimize the environmental impact of products and services, based on the principles of a circular economy.</p>  
<p><span class="red-text"><strong>PRIORITY  
2:&nbsp;</strong></span>Decarbonize our value chain.</p>  
<p><span class="red-text"><strong>PRIORITY  
3:&nbsp;</strong></span>Empower our employees to go above and beyond to conserve the world’s natural resources.</p>  
</td>  
</tr>  
</tbody>  
</table></div>  
<p><br>This imperative makes sure we’re putting&nbsp;<strong>environmental sustainability at</strong>&nbsp;<strong>the heart of our operations. It serves as a<strong>&nbsp;foundation for a sustainable business.</strong>&nbsp;</p>  
<p>The pressure on environmental health is an increasing threat to human health. This includes degrading air quality, increasing scarcity of clean water and other natural resources, waning biodiversity, and the impacts of climate change.<br><br></p>

## Why it matters

**As a responsible corporate citizen, we must do everything we can to continually reduce our environmental impact, putting environmental stewardship and resource conservation at the heart of our business operations and practices. Both internal and external stakeholders expect us to set the highest standards in this respect— to care for the environment and to take actions that minimize our environmental impact.**

The image is a banner with a dark background. It features a close-up of a person's hands, one of which is holding a small, light-colored object, possibly a seed or a small plant, against a dark, textured background. The lighting is dramatic, highlighting the hands and the object.

## Our vital role

Takeda has actively engaged in environmental stewardship initiatives for almost 50 years. We first established an Environmental Protection Committee in 1970. **We continue to lead the way and partner with others to find new and innovative ways to protect our planet.**

## Our programs and focus areas

Our commitment to environmental sustainability is enshrined in the three commitments that are articulated in our vision – “Discover and deliver life-transforming treatments, guided by our commitment to Patients, our People and the Planet”.

The Planet Pillar consists of three programs around which our projects, actions and activities are structured – **Climate Action**, **Natural Resource Conservation** and **Sustainability by Design**.

### Climate Action

**E**liminating GHG emissions from our operations and minimizing our carbon footprint across the value chain

Our Climate Action Program has the overarching goal to achieving net-zero carbon emissions. Efforts are structured around local initiatives to reduce the GHG emissions from our own operations. lang="EN-US">To achieve this, we focus on energy efficiency projects, and g low emission technologies. We are increasing renewable energy sources at our own sites, purchasing renewable energy and verified carbon offsets on a regional basis. We are also engaging with our suppliers to reduce indirect emissions (Scope 3). This will help us meet our challenging targets.

- By 2025,** we commit to reducing GHG emissions in our operations by 40% from FY2016 levels. We will cut Scope 3 emissions by 15% based on FY2018 levels.
- We are committed to working to achieve net-zero GHG emissions in our operations **before 2035.** **By 2040,** we are committed to reaching net-zero for our entire value chain, including currently estimated scope 3 GHG emissions.
- By 2024, we will help **67%** of our **suppliers** to establish their **own science-based emissions targets.**

- We commit to have GHG reduction targets that are aligned with the requirements of The Science Based Target initiative (SBTi), to make sure our efforts correspond to the latest climate science.

### Natural Resource Conservation

*Minimizing environmental impacts of our operations and conserving natural resources (water stewardship, responsible waste management, biodiversity)*

The Natural Resource Conservation Program aims to minimize our impact on the natural world. Our efforts are structured around workstreams on water and waste stewardship (pollution prevention, resource efficiency), reducing impacts to biodiversity and minimizing air emissions.

By FY2030, we aim to achieve zero waste-to-landfill status for all major locations. We have already achieved zero waste-to-landfill status in multiple commercial sites and facilities, including Japan

By FY2025, we're committed to reducing our water withdrawal by 5% from a FY2019 baseline

### Sustainability by Design

*Designing products and services to minimize their environmental impact through their life cycle*

Our Sustainability by Design program aims to minimize our environmental footprint by incorporating sustainability principles during every stage of product development. The activities involve R&D, Drug Products & Processing and Packaging and Devices. They are designed to minimize the environmental impact of all future products throughout their life cycle.

By FY2025, at least 50% of paper and fiberboard in secondary and tertiary product packaging by weight will be either recycled content or forest stewardship certified
